Silas Marner George Eliot

A classic tale from George Eliot, author of *Middlemarch*... Silas Marner is a modest weaver accused of stealing the congregation's funds. The thief may really be Silas' best friend, William Dane, who has framed him but Silas is found guilty none-the-less. His fiancé abandons Silas and later marries William Dane. And so, it is with a broken heart, that Silas leaves his home and heads south. He lives as a recluse hoarding gold from his earnings. That too is stolen by the son of the town's leading landowner. But a child soon enters Silas's life and changes it completely. Mary Ann Evans known by her pen name George Eliot, was an English novelist, journalist, translator and one of the leading writers of the Victorian era. She is the author of seven novels, including *Adam Bede* (1859), *The Mill on the Floss* (1860), *Silas Marner* (1861), *Middlemarch* (1871–72), and *Daniel Deronda* (1876), most of them set in provincial England and known for their realism and psychological insight. She used a male pen name, she said, to ensure her works would be taken seriously. Female authors were published under their own names during Eliot's life, but she wanted to escape the stereotype of women only writing lighthearted romances. An additional factor in her use of a pen name may have been a desire to shield her private life from public scrutiny and to prevent scandals attending her relationship with the married George Henry Lewes, with whom she lived for over 20 years.
