Gunther Schuller

Early Jazz: Its Roots and Musical Development (The History of Jazz) Gunther Schuller

Early Jazz is one of the seminal books on American jazz, ranging from the beginnings of jazz as a distinct musical style at the turn of the century to its first great flowering in the 1930s. Schuller explores the music of the great jazz soloists of the twenties--Jelly Roll Morton, Bix Beiderbecke, Bessie Smith, Louis Armstrong, and others--and the big bands and arrangers--Fletcher Henderson, Bennie Moten, and especially Duke Ellington--placing their music in the context of the other musical cultures of the twentieth century and offering analyses of many great jazz recordings.

Early Jazz provides a musical tour of the early American jazz world. A classic study, it is both a splendid introduction for students and an insightful guide for scholars, musicians, and jazz aficionados.
