*Jules Verne*

**Five Weeks in a Balloon : Or, Journeys and Discoveries in Africa by Three Englishmen** Jules Verne  
Jules Verne (1828-1905) is one of the most recognizable names in Western literature, coming to be known as one of the Fathers of Science-Fiction. Although he studied to be a lawyer and held stock trading jobs, he quickly learned that he had a knack for weaving adventurous stories of travels and expeditions. It didn't hurt that one of his teachers may have been inventor Brutus de Villeroy, who created the first submarine for the U.S. Navy. **Verne wrote about air travel and space travel 50 years before either was possible.**
