CODENAME CUPCAKE is an old fashioned stay-at-home-mom turned super-hero spy novel. It is the story of Molly Peterson, a frazzled mother of two, who is recruited by a super spy agency to infiltrate the PTA at her own son's elementary school. A staunch PTA avoider, Molly is disappointed to learn that her assignment will require her to not only join the PTA but “become” the PTA. Midwood Elementary School is cooling at an alarming rate and Molly must spend as much time as possible in the building to determine the cause and help prevent a potential calamity. With a back drop of ordinary school functions including back to school night and a fall concert, CODENAME CUPCAKE offers a new twist on the super hero genre. It is a send up of motherhood, the PTA, comic books and spy novels. It is fast paced and funny with the underlying message that life really is better when you have super powers.
