Most Christians understand that Christianity is unique. But what if you found out that some churches were relying on the same salvation message as most of the world's pagan religions – What then? This book, *Infant Baptism - Life or Death?* tells of one woman's struggle to understand the roots of Infant Baptism and how it became the salvation doctrine for most of the world's churches. In this book, you will discover Martin Luther's flip-flop; an ancient heresy that is alive and well in half of the world's churches; the real Lutheran theologian; and the goddess religion connection with Infant Baptism—all this as it reveals the origin of false religion and which Christian churches have been affected by it. It also shows the way to the close relationship with God that you've always wanted!
