The increase in public awareness of psychotherapy has resulted in an explosion of requests for information of this kind. The "National Register of Psychotherapists" is published to help meet these requests by providing contact addresses for all those practising psychotherapists who have met the training requirements of organizations recognized by and affiliated to the United Kingdom Council for Psychotherapy. It lists names, addresses and telephone numbers of over 3600 psychotherapists, listed by geographical area, with an alphabetical index-listing. It indicates therapeutic orientation of each practitioner, lists names and addresses of over 70 psychotherapy organizations, and clearly displays ethical guidelines and aims of member organizations.
