EMBATTLED (Em and Yves Book 1) Darlene Jones

My face is on every television, in every newspaper. They say I'm saving the world. I know better. I'm a school principal not a superhero.

Of course that doesn't explain the blood on my hands. Or the strange languages coming out of my mouth. Or the feel of swinging a machete. Or the sensation of lifting off the ground before I lose all memory.

Someone or something has hijacked my life. How do I get it back?

Alien contact leads to adventure and love as the characters/aliens involve themselves in world affairs in this science fiction novel series. But are humans given second chances after our superhero fights war or will the gods decide our fate?
