So It Begins

Keane was well established in the community, had a good job behind a desk, his own home, and everything that most men wanted in life. The only thing he was lacking was a relationship. He had never told anyone of his desires and what he really sought. He kept those desires hidden until one night after working out with Billy. Then his world completely changed and he learned where his desires and heart lied. Now it was learning how to deal with his true nature and where his life was headed. He knew that you often fell in love with your first crush and that in the end the crush usually walked away.
