SCARE YOUR FRIENDS! KEEP AWAY UNWANTED NEIGHBORS! PRETEND HALLOWEEN IS ALL YEAR LONG! WEREWOLVES ARE NOT JUST THE WORK OF HORROR WRITERS, MASTER CINEMATOGRAPHERS OR SPECIAL EFFECTS WIZARDS. . . THEY ARE FOR REAL! Or so says noted paranormal researcher Timothy Green Beckley, who has also generated a reputation as a B-Movie horror host using the moniker of Mr Creepo. . . Calling upon noted experts in the field of cryptozoology, Beckley has compiled a virtually exhaustive history of Lycanthropy, as well as the phenomenon of shape-shifting, which has been reported in all cultures throughout history. A portion of the book written by noted author Brad Steiger is devoted to the "sexual hunger" of the Werewolf, as well as its importance in global cinema. . . Among relevant disclosures, readers will learn how to stop a werewolf in its tracks...and it's NOT just with silver bullets or wolf bane. This is probably the most complete – all-in-one – book on the topic. With the great revival of interest in movies devoted to the subject this is a work that no one who is into the topic can afford to be without.
