**Can You Stand The Truth? The Chronicle of Man's Imprisonment: Last Call!** Angeliki S. Anagnostou-Kalogera

Parts of THE TRUTH are found fragmented in every viewpoint, religion, aspect, and human ideology. But not a single one of the above can give us the complete picture of IT. As an example, take Newton's spinning-disk experiment and the deflection of (white) light into the seven colors of the rainbow. WHITE LIGHT –which contains all colors– is like the ONE TRUTH, which, like a magic picture, lies in front of everyone's eyes. Man, remaining firmly ATTACHED to his personal view (color) cannot compose all colors - aspects - viewpoints and gaze at the 'White' color of the TRUTH. If he can position himself however at a specific "place/point" he will be able TO SEE. Then, everything gets decoded in front of his eyes like a hidden picture that suddenly appears. Who are right then? The evolutionists who believe in Darwin's theory, or the Church when it claims that god created us? ...Both! Who is right: Those who believe in reincarnation or those who persistently reject it? ...Both! Who is right: Those who believe in man's soul and spirit or those who don't? ...Both! Who is right: The eye-witnesses of UFO's or the scientific community that insists there is no intelligent life on other planets? ...Both! The contents of this book gradually move the reader through an ascending-spiral process, from a simple position to a complex one, so as to smoothly reposition him to a different dimension, wherefrom he can gaze at a very different world from what he has believed in up to now.
