8W8 - Global Space Tribes is a new way to see the world. It is written for everyone who uses the Internet, travels and is interested in any aspect of the world. The Golden Sky is a community comprised of 15 charismatic Internet activists of various backgrounds. They came together to meet in the fantastically beautiful mountain home, EA-RA, of the Chinese Internet billionaire, Winston Chee. This is where they develop a new world modeling engine, 8W8, which would find the invisible digital elements, i.e. the online population and its digital activities, and render them visible to the dynamic world stake holding factors they define. Global Space Tribes are the Internet users that The Golden Sky is able to identify with 8W8. When BridgeMan, a business partner of Winston Chee from San Francisco comes to EA-RA and learns about 8W8, he saw an immediate benefit for himself and the world in general. He extolled the concept as a way of making the invisibilities of the 21st century visible. Enjoy!
