Real Spells: A stepwise guide Winged Wizard

This book gives a deeper insight into some basic level spells (mostly black magic spells). Some of these spells are also available on my blog (Discovering Magic - by Winged Wizard) however in this book you will find extra insights and tips which would help serious learners become better and more powerful in performing these spells.

Also included is a new Intermediate level Spell which is the continuation of the spell 'How to attract people with your eyes' and a prelude to another intermediate-advance level spell the full details of which I will publish in the near future.
