## **Praise for *HeartsBlood***

Equal parts thrilling and romantic, HeartsBlood swept me off my feet. How the author weaves a story of science and magic so seamlessly still amazes me. And did I mention the sexual tension between the dark stranger and the heroine struggling to accept the fact her reality has been shattered? Oh yeah, this is a great one folks!"

"Um... I just finished HeartsBlood less than two minutes ago, and I can honestly say that it has been a very long time since a book has affected me as deeply as HeartsBlood did. Not very often does a book come along that makes you feel so intensely that the tears actually stream down your face. This one did. In fact, I'm still tearing as I write this..."
