Computer Science and Convergence: CSA 2011 & WCC 2011 Proceedings (Lecture Notes in Electrical Engineering)

Computer Science and Convergence is proceedings of the 3rd FTRA International Conference on Computer Science and its Applications (CSA-11) and The 2011 FTRA World Convergence Conference (FTRA WCC 2011). The topics of CSA and WCC cover the current hot topics satisfying the world-wide ever-changing needs.

CSA-11 will be the most comprehensive conference focused on the various aspects of advances in computer science and its applications and will provide an opportunity for academic and industry professionals to discuss the latest issues and progress in the area of CSA. In addition, the conference will publish high quality papers which are closely related to the various theories and practical applications in CSA. Furthermore, we expect that the conference and its publications will be a trigger for further related research and technology improvements in this important subject. The main scope of CSA-11 is as follows:

- Mobile and ubiquitous computing
- Dependable, reliable and autonomic computing
- Security and trust management
- Multimedia systems and services
- Networking and communications
- Database and data mining
- Game and software engineering
- Grid, cloud and scalable computing
- Embedded system and software
- Artificial intelligence
- Distributed and parallel algorithms
- Web and internet computing
- IT policy and business management

WCC-11 is a major conference for scientists, engineers, and practitioners throughout the world to present the latest research, results, ideas, developments and applications in all areas of convergence technologies. The main scope of WCC-11 is as follows:

- Cryptography and Security for Converged environments
- Wireless sensor network for Converged environments
- Multimedia for Converged environments
- Advanced Vehicular Communications Technology for Converged environments
- Human centric computing, P2P, Grid and Cloud computing for Converged environments
- U-Healthcare for Converged environments
- Strategic Security Management for Industrial Technology
- Advances in Artificial Intelligence and Surveillance Systems

From reader reviews:

Estelle Hicks:

Information is provisions for people to get better life, information these days can get by anyone from everywhere. The information can be a information or any news even an issue. What people must be consider while those information which is within the former life are challenging to be find than now could be taking seriously which one is acceptable to believe or which one the actual resource are convinced. If you have the unstable resource then you buy it as your main information there will be huge disadvantage for you. All of those possibilities will not happen throughout you if you take Computer Science and Convergence: CSA 2011 & WCC 2011 Proceedings (Lecture Notes in Electrical Engineering) as the daily resource information.

Frank Arnett:

Reading a book can be one of a lot of action that everyone in the world really likes. Do you like reading book so. There are a lot of reasons why people enjoy it. First reading a guide will give you a lot of new facts. When you read a book you will get new information because book is one of various ways to share the information or even their idea. Second, looking at a book will make a person more imaginative. When you examining a book especially fictional works book the author will bring one to imagine the story how the personas do it anything. Third, you could share your knowledge to other folks. When you read this Computer Science and Convergence: CSA 2011 & WCC 2011 Proceedings (Lecture Notes in Electrical Engineering), it is possible to tells your family, friends and also soon about yours guide. Your knowledge can inspire different ones, make them reading a e-book.

Sherri King:

Playing with family within a park, coming to see the sea world or hanging out with pals is thing that usually you have done when you have spare time, then why you don't try issue that really opposite from that. 1 activity that make you not sensation tired but still relaxing, trilling like on roller coaster you have been ride on and with addition associated with. Even you love Computer Science and Convergence: CSA 2011 & WCC 2011 Proceedings (Lecture Notes in Electrical Engineering), you are able to enjoy both. It is fine combination right, you still wish to miss it? What kind of hangout type is it? Oh occur its mind hangout people. What? Still don't get it, oh come on its known as reading friends.

Cary Freeman:

You may spend your free time to study this book this book. This Computer Science and Convergence: CSA 2011 & WCC 2011 Proceedings (Lecture Notes in Electrical Engineering) is simple to develop you can read it in the park your car, in the beach, train and also soon. If you did not have much space to bring the actual printed book, you can buy typically the e-book. It is make you much easier to read it. You can save the particular book in your smart phone. Consequently there are a lot of benefits that you will get when one buys this book.
