Book 1: Wanted by the Outlaw

Carlie Kyle was just a simple girl with simple goals. She had a career and she was content with it. All that seemed to be missing was something dangerous... profound... a taste of life that she seemed to be missing. All that changed when her best friend brought her to a bar where well-known motorcycle gang members tended to congregate. And one man - behind the bar - seemed to capture her attention. This man does not give her his name, but he's captivating in a way that she never imagined. And before she knows it, she's drawn into a world that she might not be prepared to handle.

Book 2: Billionaire Uncaged

Callie: All I wanted was a normal summer before school began. But it began with my mother getting married for the fourth time and I got a new stepfather that's just as business oriented as my mother. And to make it worse, he brought me a new stepbrother that's arrogant, overbearing, and generally unlikable. I was happy to get away from him any way I could while my mother and new father were away on their honeymoon. But one night out with a close friend in a fight club, I found that my stepbrother isn't everything I hate. He's also full of muscle, danger, and a determination that is everything I want, but shouldn't... and he's right within my reach.

Jay: I was born with everything that I ever wanted. Money, fame, power, I buzzed through school in record time and someday I'll be running a Fortune 500 company. But along the way, I discovered a darker side. I discovered fighting. And I was good at it. And from that came fame and money that was entirely my own, not my father's. And the best boon is the women that come with it. They want me... not my my money or my power. And there are some that are not to be had for the wanting, but I want them anyway.
