Toward Resilience: A Guide to Disaster Risk Reduction and Climate Change Adaptation Marilise Turnbull, Charlotte Sterrett, Amy Hilleboe

Toward Resilience is an introductory resource for development and humanitarian practitioners working with populations at risk of the impacts of climate change and other hazards. It is aimed at program management and technical staff of development and humanitarian organizations, and seeks to strengthen understanding of the basic approaches and principles that can be applied to disaster risk reduction and climate change adaptation initiatives. It also provides practical guidance on how to integrate disaster risk reduction and climate change adaptation into the programme management cycle and adapt activities to a range of contexts and development and humanitarian sectors.
