## **Corporate Governance Accountability and Transparency: A Guide for State Ownership** OECD Organisation for Economic Co-operation and Development

Using this Guide will facilitate the practical implementation of the OECD Guidelines on Corporate Governance of State-Owned Enterprises in the areas of transparency and accountability. It provides viable policy options and a step-by-step road map on how to address typical difficulties, risks and hurdles that may be encountered. It also provides concrete examples of good practices that can serve as a reference and inspiration. The Guide will help governments, their ownership entities and other stakeholders to evaluate existing practices and support reforms. In most countries, improving transparency and accountability in state-owned enterprises entails a number of complex challenges. Addressing these, with the help of this Guide, is an important step in the process of establishing well-governed and economically sound state-owned enterprises

Table of Content :

- Chapter 1. Setting Objectives -Overview -Developing an ownership policy -Setting specific targets for the ownership entity -Defining and reviewing SOE mandates -Identifying, costing, and funding public services and other special obligations -Defining SOE objectives and specific targets -Developing relevant performance indicators
