The many-colored land

Julian May

The many-colored land Julian May

This is a spellbinding tale woven of equal parts epic and myth--with a liberal dash of hard science fiction.

When a one-way time tunnel to Earth's distant past, specifically six million B.C., was discovered by folks on the Galactic Milieu, every misfit for light-years around hurried to pass through it. Each sought his own brand of happiness. But none could have guessed what awaited them. Not even in a million years.

In the early twenty-second century, many humans are being born with psychic powers and are linked in a single galactic mind. Those without these psychic powers--the misfits, undesirables, criminals, and radicals--have a choice: mental reprogramming or exile. Exile, voluntary or otherwise, takes them back six million years, to a time between the extinction of dinosaurs and the rise of *Homo sapiens*, and to a time of exotic surprises and unknown dangers.

THE SAGA OF PLIOCENE EXILE series includes:

Volume I:THE MANY-COLORED LAND

Volume II:THE GOLDEN TORC

Volume III:THE NONBORN KING

Volume IV:THE ADVERSARY

. . . and don't miss *A PLIOCENE COMPANION*
