Piet Oudolf, one of world's most visionary and influential landscape gardeners, is at the forefront of the New Perennial planting movement. This glorious full-colour volume features twenty-three of Oudolf's most beautiful public and private gardens. Noel Kingsbury's accessible text places Oudolf's work in context, and explains how each garden and the plants selected for it fit the specific environment, while Oudolf's detailed plans provide inspiration and insight for all those interested in small personal gardens and the design of large-scale public landscapes alike.
