Blue Fire and Ice (The Land's Tale Book 1)

Alan Skinner

Blue Fire and Ice (The Land's Tale Book 1) Alan Skinner

This is a story about people and animals who never existed, and yet lived a long and happy life. This is a story full of magic and improbable things, and yet there are no practitioners of magic, no witches, no wizards and absolutely no warlocks. There are no pixies or elves, no ghoulies nor ghosties and certainly no more long-leggetty beasties than absolutely necessary. There are no zombies, no vampires, no werewolves and nowhere will you find a dragon - but that is only because I forgot her name and had to leave out her until I remember it.

In the story you will find more heroes than you could shake a stick at, and just enough villains so that it needs more than a simple stout stick to defeat them. The heroes are much more modest and considerably more unassuming than those you meet in real life, yet they are, one and all, what every good hero needs to: indomitable - and occasionally not above a bit of tit-for-tat revenge. The villains are evil, as villains should be, though not as dangerous as they are off the page, running our world, wearing blindfolds instead of robber masks and wielding the weighing scales of coin like cudgels.

There is silliness on the pages that follow, and as much nonsense as deep philosophical discourse allows. There is danger and drama, and tension, both high and low. There are oxymorons, contradictions, paradoxes, puzzles, riddles and conundrums. What there is most of, however, is a story.

And it is waiting for you.

The enchanting Blue Fire and Ice is the first in an exciting new series of books about The Land.

For readers 12 to adult

Reviews

It is perfect for children and teenagers; and adults, too... As an adult a comfy shiver ran down my spine and as a result I caught myself once or twice jumping over the description of the scene - because I couldn't wait to see whether or not one of my favourites had lost his life.

Bettina Meister, Zauberspielgel-online.de

When I come face to face with a debut fantasy novel, I am usually both a little excited as well as filled with a slight sense of dread. All too often new writers are disappointing and knowing that the book comes from a small, independent publisher my apprehension grows. This time, however, I was quite pleasantly rewarded with not only a truly original storyline, but a well crafted plot with rounded characters. His storytelling skills ensnare the reader, giving a sense of urgency to the act of turning the page to find out what happens next. While standing satisfyingly complete on its own, it is a welcome beginning to a new series that hopefully will live up to the vivid promise this book gives.

Kmberley Saunders, Thebookbag.co.uk

There is plenty of action and adventure in this first book of a new series with lots of plot twists and unusual characters to keep you interested.
