## Memory and Identity: The Huguenots in France and the Atlantic Diaspora (Carolina Lowcountry and the Atlantic World)

Traditionally known as le Refuge, the Huguenot diaspora is one of the most important dispersions of a religious minority in early modern Europe. This migration led to the exodus of nearly two hundred thousand Protestants out of France in 1685 at the time of the Revocation of the Edict of Nantes. *Memory and Identity* offers a comparative perspective on this event and its repercussions by an international group of historians. This collection is the first look at the Huguenot diaspora in a broad Atlantic context rather than as a narrowly European or Colonial American phenomenon and sheds new light on the Protestant experience both in and outside of France. The volume explains why some Huguenots chose to emigrate instead of being assimilated by the dominant Catholic group, while others recanted their faith and remained in France. Revealing how minority status at home affected the creation of refugee communities outside France, scholars trace the Huguenots' eventual integration into different host societies. Comparing Huguenot diasporic experiences on both sides of the Atlantic, essays focus on Britain, Germany, the Netherlands, British North America, the French Caribbean, New France, and Dutch South Africa. Finally, several essays study the long-term impact of the Revocation and of le Refuge in examining nineteenth-century Huguenot memory in France and in the diaspora and the maintenance of a Huguenot identity.
