The Elite Don't Dare Let Us Tell the People Robert Gaylon Ross Sr.

This book tells of the attempt to dominate the entire world, both politically and economically, by two men who have formed several secret organizations in order to carry out their mission. It gives the names of these two men and describes the secret organizations that they have founded.

Much of their plan has already been completed. The author tells you what their present and future plans include.

If they are successful, your children and grandchildren will live dismal lives, approaching slavery. Their quality of life will consist of scratching whatever livelihood that will be permitted out of a third-world existence - here in the USA.

Your failure to educate yourself on this terrible conspiracy, and your lack of courage to do something about it, will fall on the innocent shoulders of your descendents.

Forewarned is forearmed.
