World Economic Outlook, October 1985 International Monetary Fund

The World Economic Outlook (WEO) presents the IMF's leading economists' analyses of global economic developments during the near and medium terms. It is a respected, one-stop, trusted resource offering remarkable insight, balance, and perspective to decision makers and policymakers worldwide. Published twice yearly, the World Economic Outlook presents the outlook for growth, inflation, trade, employment, and other economic developments in a clear, practical format. Each WEO considers the issues affecting advanced, emerging market, and developing economies. Central bankers, economists, Financial institutions, business leaders, governments, think tanks, and researchers eagerly await this unique investigation of what's happening and what's ahead.
