Hematology for the Medical Student Alvin H. Schmaier, Lilli M. Petruzzelli

This is the first comprehensive, accurate introductory text on hematology for medical students. The many topics of hematology are covered and each chapter begins with an overview and then proceeds to an outline of key concepts for each specialty area. The text includes simple line drawings, algorithms and color plates, and features bulleted points and bolded key words. With its depth, and concise format, this book serves as a thorough text, general reference, and a review for the USMLE Step 1 exam, and is a valuable tool for the internal medicine clerkship rotation and exam.
